Town of Olive May Get Fire Tax District for 3 Companies

Amphibian to Fly To 23rd Street

Local Flying Service Has Plane for Rapid Trips to N. Y.

Kingston is within 35 minutes flying time from the heart of New York city, according to President Henry Kuehler of the Mid-Hudson Flying Service, who announced today the acquisition of a modern amphibian plane to make flights from the Kingston-Ulster Airport, Boice Lane, Town of Ulster.

President Kuehler informed The Freeman that he had procured a twin engine Wildcat to make Kingston to New York flights, emphasizing that he ordered the plane on request of residents in this area desiring rapid transportation to the metropolis.

In announcing the 35-minute flights, Mr. Kuehler said the amphibian would land in the East river at 23rd street, discharging passengers at that point. He anticipates that businessmen desiring to save traveling time will use the service extensively, also area residents planning quick trips.

The amphibian will be available also to hunting and fishing parties, Mr. Kuehler said, planning vacations in the northern New York state and Canadian region.

In inviting the public to inspect the amphibian, President Kuehler said "It is the only plane of its kind in the Hudson valley and surrounding territory." Visitors are welcome to see it any time.

Police Broadcast Bid For Type ORH Blood

An appeal for blood donors of type ORH, positive blood, was made today by the police department, and persons with that type are requested to call at the city laboratory.

The patient for whom this type was requested is Miss Sylvia Acopian, 27, an employee at the Montgomery Ward store who lives at R.D. 3, Box 136, Rosendale Heights. Miss Acopian is now a patient at the Benedictine Hospital.

Dr. Leander G. Rymph of Bloomington told The Freeman that the patient was taken to the hospital Monday. Her condition was reported fair this morning.

Takes Driver's Seat

Philadelphia, Aug. 7 (AP)—Police and bus company officials today pondered the case of the impatient passenger, Driver Pasquale Juliano reported yesterday that when his big double decker bus stalled, he went to a nearby telephone to call for a repair truck. As Juliano turned from the phone he saw the bus rear away with 39 of its passengers still in their seats and No. 40 behind the wheel. Police later found the bus three miles across town, stalled again with most of the passengers still aboard. The unidentified volunteer driver had disappeared.

New York City Pledges Aid in Setting Up Department for Township

A fire tax district for the town of Olive, which would operate three fire companies in different parts of the town, appeared to be in sight today, it was announced by officials of Olive Fire Department No. 1.

Justus North and Philip Colletti, Olive residents, have received letters from the city of New York assuring them that the city would be willing to work with the town to set up a town-wide department. The letters said the city would extend its help by agreeing to a one-mill tax on the city's reservoir system, which is assessed at \$5,000,000 and would pay \$5,000 annually towards the support of the tax district.

The letters were the result of conferences held in New York city recently between Edward T. McCaffrey, deputy commissioner of water, gas and electricity for the city, and Mr. Colletti, formerly a Bronx county real estate man, and Robert Haver, garage man and Ford dealer of Ashokan, who went to New York to interest the city officials in fire protection. They met with friendly treatment and Mr. McCaffrey told his visitors he would be glad to extend the backing of the city.

The way is now open for the Town of Olive to obtain enough fire tax money to support fire companies in the West Shokan, Olive Bridge and Ashokan-Shokan communities, with each company primarily serving its own area.

Assures \$6,000 Annually

The consent of New York city now will assure the town of approximately \$6,000 a year for fire protection, with very low cost to the property owner, fire department officials said. The tax on property assessed at \$1,000 would be about \$1 a year.

Local residents are of the opinion that a three-company system would provide Olive with one of

Army's Seniority System Ends When Bill Is Signed

Washington, Aug. 7 (AP)—The army's archaic system of promotion by seniority went out the window today with President Truman's signing of legislation setting up a permanent promotion-by-merit program for the Army and Navy.

One of the lengthiest and most-complicated measures enacted by the 80th Congress at its first session, the legislation is the outgrowth of months of study by committees.

In addition to setting up a new promotion system for the Army and tightening the Navy's existing advancement system, the bill cuts down on the number of high-ranking officers in both services

Guenard Is Held For Grand Jury as Schwartz Attacker

Seaman Is in County Jail on Charge of Assault; Report Says Fight Began at 11:30

Arcadeo Felix Guenard, 29, of 59 West 115th street, New York, is being held in the county jail for the grand jury after waiving examination when arraigned this morning before Special City Judge Francis Martocci. Guenard is being held on a charge of assault, second degree.

Guenard, a seaman aboard the steamship Barren Hill, owned by the Trinidad Corp., of New York, was brought to city police headquarters about 1 o'clock Wednesday afternoon after an alleged fight aboard ship with Joseph E. Schwartz, of Boston, Mass., another crew member.

Schwartz was announced as in serious condition at the Kingston Hospital this morning after suffering from head wounds.

Statements concerning the actual happening aboard ship were

Dwyer Confirms Bid Made for New Bank

James A. Dwyer, president of the Roundout National Bank today confirmed the report from a New York source yesterday that an application had been filed with the comptroller of currency for permission to establish a branch of the downtown bank on central Broadway.

The application was made, the bank president said, for the purpose of expanding the bank's facilities, but he reported that no site had been selected yet and indicated that no definite planning had been started to date.

There is no way of indicating at this time as to what the application might lead to, Mr. Dwyer said, and he felt that it will take considerable time before an answer is received on the application.

Abolishes in peacetime the wartime rank of five-star officer. However, it does not effect the rank of the eight officers now holding five star rank.

Affecting directly or indirectly the status of an estimated 175,000 officers in both services, the legislation is intended to encourage the better-qualified men and to weed out through a process of elimination those unfit for command.

It will take several years for the entire new program to get into full operation, for some parts of the new law don't become effective until after 1951 though most are effective immediately.

Leftwingers Dissatisfied at Status of Forces; Conservatives Say: It's Too Late

London, Aug. 7 (AP)—Conservatives and left wing Laborites found themselves in the same camp today in opposition to Prime Minister Attlee's new program to avert economic disaster in Great Britain—calling mainly for sharp cuts in imports and increases in production for export.

The leftwingers were discontented because the announced reduction in Britain's armed forces under the new plan would leave more than 1,000,000 men under arms by next spring—far more than the reduced number they have been advocating ever since they attacked Foreign Secretary Ernest Bevin's foreign policy last November.

The Conservative opposition blasted the Attlee program on the ground that it was "too little, too late." They made three specific points in their criticism:

1. They said the government was dealing with the crisis too hurriedly, at too late a time.

2. They said the plan was not detailed enough.

3. They said the government had failed to give the country a full statement of the perils it faces.

Several London newspapers predicted the Conservatives would vote against the government tonight on the adjournment motion under which the crisis debate was being held. Such a step would constitute a protest without involving a vote of censure.

Called Upon Dalton

The Daily Express said dissident Laborites had called on Hugh Dalton, chancellor of the exchequer, after a post-midnight meeting and added that Dalton "will try to appease these critics" when he speaks late today.

Attlee, in his grim and gloomy speech yesterday, told Britons his program would mean less food, less gasoline, less money for new houses, less goods in the stores, fewer Hollywood movies, and longer hours of work. He said it entailed "limited" labor controls, "some sacrifice" of personal liberty and spartan hardship.

Meanwhile, almost unnoticed in the preoccupation with the economic crisis, the House of Lords quietly passed three key measures of the Socialist government's program—nationalization of inland transport, the agricultural bill and the town and country planning measure.

Royal assent was given at once and the bill became law.

The transport bill authorized expenditure of an estimated \$4,225,000,000 for nationalization of railways, canal shipping and bus and truck lines.

The agricultural bill requires farmers to fit their activities into a national production program, guarantees prices and markets for farm produce and sets up facilities for government loans to farmers.

The town and country planning bill prohibits changes in the character of property, or its improvement, without government permission and requires that increases in value resulting from approved improvements must be paid to the state.

Merchant Opposes N. Front Change; May Have Petition

Reaction to the proposal that the name of North Front street be changed to "Broad Street" stirred a move to oppose the change, it was learned today.

One merchant said this morning that he was in favor of a petition in opposition to the suggestion and the action at Tuesday's Common Council meeting, and that one would probably be circulated this week to secure the names of many merchants who were not in favor of the proposal. He first knew about it, he said, when he read it in The Freeman.

A committee composed of Aldermen Paul Zucca, chairman, Victor Roth and James Carroll, was appointed by Alderman-at-large John Schwank Tuesday night when the proposal was submitted for consideration of the councilmen.

Philippine Doctors View Ulster Health Division Methods

Women Were in Islands During Jap Occupation; Have Been in U. S. for Year

Two women doctors of the Philippine Islands are in the city for a study of health methods used in the Ulster County Health Department, it was learned this morning.

They are Dr. Julia Arilla and Dr. Alicia de la Paz, who were in the Philippines during Japanese occupation there, and who came to this country about a year ago to advance their education in public health. Both are from Manila.

The doctors came to this city at the direction of the state health department and will be assisted in their tour of inspection and study by Dr. George James, head of the county health department. They will give special attention to the county child health clinics.

Dr. Arilla holds a bachelor's degree from Centro Escolar University. She received her M.D. degree from the University of Santo Tomas and interned at the hospital there. She took a post-graduate course in pediatrics at Columbia University and will attend Yale University for the study of public health.

Dr. de la Paz received both degrees at the University of the Philippines and interned at the North General Hospital, Manila. She spent the past year at the New England Hospital for Women and Children in Boston and will study public health at Harvard University next year.

Both women are fellows of the U. S. Public Health Service and they are in this country under auspices of the International Health Relations, an organization which arranges for the study of public health for students from Latin America, Central America and other nations.

Similar studies were made through cooperation of the state and local health departments in the city and county recently by doctors from other nations. Dr. James disclosed today. The most recent visitor included a doctor from Finland who had studied at Johns Hopkins University and another doctor from China was sent to the local health office recently by the state health department.

Marlborough Man, 75, Is Hurt in Goshen Accident

Daniel Gaffney Suffered Cuts When Dropped to Ground by Collapse of Stands; Two Are Injured Seriously

Daniel Gaffney, 75, of Marlborough, veteran race enthusiast and former racer of horses, was among the 75 persons injured yesterday at Good Time Track, Goshen, when temporary bleachers collapsed and dropped hundreds of spectators to the ground.

The accident occurred shortly before the running of the nation's classic harness racing event, the Hambletonian stakes. Although 30 were taken to Goshen Hospital, The Associated Press quotes State Trooper John Hogan as saying, only two of the most seriously hurt were admitted as patients. Others were treated at a Red Cross first aid tent.

Mr. Gaffney suffered cuts from his fall, his son, Attorney Charles Gaffney of this city, reported. He was not hurt seriously.

Lecturer, Frederic Snyder, of Lucas avenue, this city, said today he narrowly escaped being on the stands at the time of collapse.

Sudden Appeal Made

Few among the record crowd of 22,000 assembled for the event were immediately aware of what happened. There was no panic and few outliers, those dumped to the ground picking themselves up quickly.

The loudspeaker system suddenly blared an appeal for physicians and ambulances. After the injured were taken away by ambulance and private auto, the races went on as scheduled.

Goshen Hospital reported that two women seriously hurt were Mrs. Rosa Ross, 26, of Brooklyn, and Mrs. Edward Covell of Sherburne, N. Y. Mrs. Ross suffered a fractured leg and was transferred later to Jewish Hospital in Brooklyn. Mrs. Covell's injuries were reported not critical and she was expected to be released from the hospital today.

Among the Injured

State police released a list of persons taken to Goshen Hospital today.

Attlee Declares Do-Nothings Must Go to Work in England

By ED CREAGH

London, Aug. 7 (AP)—"Who, us?" Around the greyhound tracks, in the more furtive west end clubs, on the bomb-pocked street corners of the sprawling East End, the "Spivs" looked up in astonishment today.

Prime Minister Attlee, determined that every able-bodied man take a hand in the nation's production drive, had declared war on the whole do-nothing, good-for-nothing "Spiv" fraternity. In his crisis appeal yesterday, Attlee

Brewster Denies Any Deal Tried

Senator Receives Series of Written Questions to Answer; Admits to Friendship

Denies Using Whip

Says Hughes' Story Ridiculous; Hughes Hits Replies

Washington, Aug. 7 (AP)—Howard Hughes hurled the lie at Senator Owen Brewster today, and in a turbulent session before a Senate committee both the Maine senator to acknowledge visits to a residence maintained here by Pan American Airways.

Brewster, on his part, steadfastly maintained that there is no truth in Hughes' charges that Brewster once offered a "deal" to call off the Senate investigation of Hughes' \$40,000,000 warplane contracts.

Hughes said Brewster, a Republican, proposed to drop the inquiry by the Senate War Investigating Committee if he (Hughes) would agree to a merger of his Trans World Airlines with Pan American.

Brewster denied that from the witness chair yesterday. Today Hughes took the same seat and shouted to the senators:

"Senator Brewster's testimony yesterday is a pack of lies and I can tear it apart if I am allowed to cross examine him."

Brewster went back to the chair to answer a series of written questions Hughes gave to Chairman Ferguson (R-Mich.) of the Senate subcommittee.

In his replies, Brewster: Acknowledged that he had eaten at least three breakfasts in the last few months at a special residence maintained here by Pan American Airways as a guest center for officials and employees.

But the Maine senator insisted this could not be termed the "Pan American Palace" and instead waved photographs of what Brewster called "TWA's palatial" home and swimming pool.

Agreed that Sam Pryor, a vice president of Pan American and former Connecticut Republican national committeeman, is a close friend of his.

Admits Vacations

Said it was true that he had spent two Thanksgiving vacations at a home owned by a Pan American home Pryor has at Hobe Sound, Fla. Brewster said Pryor was not there and he (Brewster) had purchased his own food and borne all expense.

Acknowledged that he once accepted free transportation in Pan American's special private air liner from Washington to Raleigh, N. C. He said he went to Raleigh to confer with the late Senator Bailey (D-N.C.) at Bailey's request about aviation legislation.

Hughes' story of a "proposition" for a merger.

"The suggestion that I held a whip over Mr. Hughes is ridiculous," he declared.

The hearing was thrown into an uproar soon after the committee convened.

"When Brewster had replied to Hughes' series of written questions, the plane manufacturer shouted that the committee was being 'unfair' by its procedure. Hughes told Ferguson: 'The answers he gave were evasive and in many cases it was not possible to get a direct answer.'"

"Not having his replies challenged in any way by the chairman is unsatisfactory, so I shall not submit any further questions in this way."

The jumpy multi-millionaire told the senators "my reputation has been ruined."

Ferguson asked Hughes whether anyone else was present at a luncheon in Brewster's Mayflower Hotel apartment last February at which Hughes charges the senator offered "in so many words" to call off the inquiry into Hughes' plane contracts.

"You don't think Senator Brewster would have made that proposition in front of anyone else, do you?" Hughes asked in reply.

Says He Had Advice

Senator O'Connor (D-Md.) wanted to know why he went alone to Brewster's apartment if, as he said yesterday, he had been warned Brewster was "tricky."

"I went against the advice of"

Sweden Needs Workers
Sweden faces a serious shortage of workers, despite the fact that total employment now exceeds that of 1939 by about 150,000 persons, owing to an increase in

the number of persons in the productive age, some immigration, and current full employment. There is a shortage of about 10 per cent in needed manpower. Full employment has considerably increased the mobility of labor,

Stockholm records show. A survey showed that during every 1946 month, from four to five per cent of the male workers and about six per cent of the female workers left their jobs on their own initiative. The keen competition for

workers among employers has tended to accelerate the general increase in wage rates.

More sulfur is used in America than copper, rubber, tobacco or nickel.

Diamond Ghost Towns
Johannesburg, (AP)—The Orange Free State, where some of the world's richest gold finds have been made, will shortly also produce diamonds. At Theunissen,

not far from the feverish activity at Odendaalsrus where smoke is already rising from the new gold mines and mining towns are springing up on the bare veld, preparations are in hand for reopening two diamond mines that

have been idle for 20 years. New machinery is being repaired, miners' houses are being re-occupied and the ghost settlements are springing to life. Many of the old mine shafts became filled with water and were

favorite fishing spots for local farmers. They are now being de-watered.

California now owns the spot where gold first was discovered at Colma, El Dorado county.

Kramor Shop 10th Anniversary

This month marks the tenth year in which Kramor Young Folks Shop, 333 Wall street, has been serving the young folks of Kingston and Ulster county with quality clothes. When asked her opinion of Kingston shoppers, Sybil W. Bradley, owner of Kramor

Shop, stated that she found them to be sound and wise buyers. They are pleasant to serve, they demand quality, style and have sound judgment of prices.

In its 10 years of serving young folks, Kramor Young Folks shop has ever increasingly widened its circle of satisfied customers by presenting brand name merchandise

at prices consistent with quality. This tenth anniversary observance features a store wide sale of regular stock goods reduced for a three-day carnival of bargains, Thursday, Friday and Saturday. It will be the constant aim of Kramor Young Folks Shop to bring Kingston shoppers top quality at moderate prices.

Kuzma Derevyanko, Russia's regular member now on vacation, made the request. Atcheson said it was "impractical" to compile such detailed information.

Against Fuller Report
Pelham, N. Y., Aug. 7 (UP)—The town of Pelham has filed exceptions with the Interstate Commerce Commission to a report proposed by Examiner Euron Fuller recommending increased interstate

commutation rates on the New York, New Haven and Hartford railroad, as well as other lines. In the town's brief, Emanuel Schwartz, town attorney, argued that the proposed 25 per cent increase for an unlimited commutation ticket had no warrant because

the road had petitioned for 20 per cent only, and that this was not balanced by the recommendation of 15 per cent increase on a limited commutation ticket. This would exclude Saturdays, Sundays and holidays.

G. I. Loans Take Upward Trend Is Report of V.A.

The upward swing in G. I. Loan approvals started in April continued through July, according to statistics released today by the Veterans' Administration.

In the 20-county area served by the Albany Regional Office the number of G. I. Loans increased 40 per cent over March, when only 374 loans were approved as compared to 624 in July. Comparative totals for July and March

were \$3,158,508 and \$1,657,323 respectively.

Home loans continued to account for the largest proportion of the loans, V.A. reported, with 547 veterans borrowing \$2,915,009 for this purpose. Farm loans totaled \$86,080, and business loans \$157,400.

Edward O'Dell, contact representative for the V.A. at the Kingston office on Fair street, reminded veterans that with Congressional recognition of official termination of the war on July 25, 1947, the deadline on G. I. loan guarantees under the G. I. Bill are scheduled to expire in 10 years.

While the deadline on G. I. loan guarantees now has been estab-

lished, O'Dell said, veterans ought to exercise sound business judgment before utilizing this benefit.

A gasoline pump has been added to the Camp Temerda equipment for the purpose of supplying the new camp swimming pool with water.

Miles Monaco, a veteran of naval service in the Pacific war theater, arrived here last week with a truckload of stuff for the family summer cottage and is remaining in town for a few days. Miles' aunt, Mrs. Emma Holden, came up from the city Monday and his mother is coming this week. They now make their home in Jamaica, L. I. Mrs. Holden and others of the family formerly came to Shokan every summer but for the past few years have occupied the bungalow only upon infrequent occasions.

August 8, 1881, Mr. and Mrs. William Winchell's little boy died at the family home and was buried along the upper reaches of East Butterkill and on the present George W. Pratt place. Mr. Winchell was an uncle of Orville Winchell of Kingston and his wife was a sister of Mrs. Robert Secor, 96-year-old resident of the Tonche Mountain neighborhood.

The forthcoming Shokan W.C.S. church fair on Wednesday, August 13, will start at 2 o'clock and a cafeteria supper will be served at 6 o'clock.

Eddie Phillips, one time Shokan boy who has resided in Kingston since his discharge from the army, is a member of the local section crew of N. Y. Central's mainline division.

Sam Friedman, a chemist down at the reservoir laboratory, is driving one of the new Nash sedans.

Mrs. C. G. Fuller of Mountain Laurel Lodge is receiving hospital treatment.

Harry Sludny and sister, Della Claus, of New York have arrived at the Harry Weeks home for their annual vacation sojourn.

Walter Naughton is redecorating the exterior of his summer bungalow. Walter teaches art in a Bronx high school and should know his pigments.

Recent guests at the home of Mr. and Mrs. Otto Rest included Mrs. B. Nimmering and Mrs. Barbara Kropp of New York. "Boys of '61": Among the score or more of Civil War veterans whom this writer knew as a boy in the old village of Shokan was Edwin P. Winne, superintendent of the Reformed Sunday School for many years. He was a sociable man of short, stocky build, who had served as a drummer boy in the Union Army and thus was perhaps the youngest "old veteran" in our town. At least we knew of no other survivors of the great fratricidal struggle who with music had once roused the martial spirit of men going into battle. Mr. Winne to most of his little friends was "Ervin" which was probably mispronunciation rather than nick-name. He was born in the Red Hill sector of Denning but spent most of his lifetime in and around Shokan. He removed to Kingston at the time of the waterworks upheaval. Under Sheriff Stanley Winne is a grandson and Mrs. Egbert Boice of Kingston the step-daughter of this veteran.

'Red Tide' Kills Fish

Clearwater, Fla., Aug. 7 (AP)—The "red tide" with its long trail of fish victims in the Gulf of Mexico continued today its disintegration several miles off shore. Observers who checked the fish killing plague yesterday from boat and plane said one big mass was breaking up into smaller segments about 20 miles northwest of Clearwater Beach. Another huge mass of dead fish broke apart about eight miles off Indian Rocks Beach. No recent collection of dead fish has washed ashore along the beaches.

What an obstacle those worn

chairs and sofas can be to your fall "fixing up" plans! If only you could replace them! Since the budget cries, "No!" why not take the next best course: dress them in lovely year-round slip covers.

Choose a sturdy fabric which will withstand continual wear, and which can readily be washed or cleaned without losing shape. Cotton brocade, damask and rep, linen, moire and freizeette are all suitable and attractive.

There's no need to cut a pattern—the material is fitted, pinned and cut right on the chair. So your cover's bound to fit snugly. None

of that unsightly puckering and wrinkling if you follow this fool-proof method!

Instructions for making many types of slip covers included in our Reader Service booklet No. 35. Directions and illustrations for fitting, pinning and cutting; making seams, plackets, trimmings. Even a beginner can make a stunning slip cover with the help of this booklet!

Father, Two Girls Plane Pilot Dive To Fiery Death

Chartered Aircraft Drops Down Into Gas Fume Chimney Today at Oil Plant

Everett, Mass., Aug. 7 (AP)—Thomas Mandell, 46, an official of the Carrier-Mandell Air Conditioning Corporation, plunged to a fiery death with two daughters and the pilot of a chartered plane when it shot down into a gas-fume chimney of the Beacon Oil plant early today.

Police said the motor of the small craft apparently "conked out" over the big vent and "dropped" in like a dead pigeon.

Pushing with Mandell, the son of George S. Mandell, former publisher of the old Boston Transcript, were his daughters, Anne, 22, and Harriet, 19, and the pilot, Nelson Pell.

Identification was made by Mrs. Frederick Ayer, Mandell's cousin and sister of the late General George S. Patton.

The party was returned from Montreal after visiting Mrs. Cyrus Craig, another daughter of Mandell.

The battered bodies were found in the bottom of the flue. Portions of the craft—identified by authorities as a Stinson—were stuck in the 25-foot high, 10-foot wide chimney. The wings were sheared as the ship hit the vent.

Witnesses reported that the crash was followed by a series of blasts, apparently caused by exploding gasoline in the plane. Firemen extinguished the flames quickly.

Company officials said that speedy shutting off of the plant's gas possibly averted a more serious disaster. The craft, flying in a low banking fog, narrowly missed hitting a 200-foot high gasoline-cracking unit in the refinery.

finery plant, the scene of a serious fire last winter.

Three bodies were recovered at the bottom of the massive vent. The other was trapped under the plane's engine. Tangled wreckage from the plane ribbed the chimney.

Police said they found a registration in the pocket door of the plane indicating it had been flown from Beverly, Mass., airport. Police Captain William Childs reported that airport said the plane was owned by Eastern Aviation and had been chartered by North Atlantic Airways for a trip to Montreal yesterday morning. It was due back at Bedford, Mass., airport at 11 (Eastern Standard Time) today.

The police captain said the Beverly airport identified the pilot as Nelson Pell, 23, of Hamilton, Mass., and the passengers on the outgoing flight as Thomas Mandell, 46, and his two daughters, Harriet, 19, and Anne, 22, of Boston.

Police said the plane apparently was flying low in the fog in an effort to find an airport. The nearest is about three miles from the scene of the crash. Other larger airports are located in nearby Boston.

Witnesses reported they heard the motor sputtering a half-mile from the Beacon plant and that it "just missed the Boston elevated structure" seconds before it plunged into the chimney.

Teachers to Get Their Certificates At Union College

Two teachers from the Kingston school system, who hold General Electric Science Fellowships for the summer study session at Union College, Schenectady, are to be awarded certificates of course completion Friday at the closing luncheon ceremony at Hale House on the campus.

They are Miss Louise Kinkade of 42 Taylor street and Boyd Miller of 72 Madison avenue.

Forty-nine secondary school teachers who took the course were taught the theory behind scientific discovery made during the year in physics and chemistry. Classroom work was supplemented by field trips to workshops and laboratories of the General Electric.

Local Death Record

The funeral of Edgar Mowle who died at his residence, 112 Cedar street, August 4, was held at the parlors of A. Carr and Son, Wednesday at 2 o'clock. The Rev. David C. Woldner, pastor of the Bloomington Reformed Church, officiated. Burial was in the Bloomington Cemetery.

Boys Visit Carnival, Then Return to Homes

Two young Wynkoop Place boys, reported missing to the police department Wednesday, returned to their homes last evening.

The youths were Jackie Fitzgerald, 10, son of Mr. and Mrs. John Fitzgerald of 18 Wynkoop Place and Donny Bradley, 10, son of Mr. and Mrs. Joseph Bradley, 9 Wynkoop Place.

The boys returned home about 10 o'clock last evening after attending the carnival now showing in Kingston, the police reported.

Bill Is Vetoed

Washington, Aug. 7 (AP)—President Truman vetoed today a bill to create a Saint Lawrence Bridge Commission and authorize it to build a bridge across the St. Lawrence river near Ogdensburg, N. Y. The President said he objected to a tax exemption provision written into the bill.

Card of Thanks

We wish to thank our friends and neighbors for their many acts of kindness at the time of the death and funeral of Gaetano Saccoman. We are especially grateful to St. Liberata and St. John Society. We want all to know how much we appreciated the thoughtfulness and sympathy of our friends.

Financial and Commercial

New York, Aug. 7 (AP)—Buying on a selective basis helped keep the stock market fairly well balanced today although many leaders faltered in one of the slowest sessions of the past three months.

The ticker tape loathed from the start with only 100,000 shares changing hands in the initial hour. A few strong spots persisted but fractional irregularity ruled near the fourth hour.

Some short covering continued on the idea the list was in technical shape to resume the advance if the news warranted. Dividends and earnings bolstered, some issues and were ignored by others concerned. The British and European economic and political situations again accentuated caution. Doubts regarding the domestic business outlook, highlighted by cloudy export conditions, depressed various pivots including film company issues.

American Woolen was up a point on an opening 5,000-share advance. It then slipped but subsequently extended the upturn. In front most of the time were Standard Oil (N. J.), Chrysler, Youngstown Sheet, Consolidated Vultee, Frisco Railroad Preferred, Union Pacific and Norfolk & Western.

Bonds were mixed and commodities steady.

Defense Challenges Court Martial's Right

New York, Aug. 7 (AP)—Defense counsel today challenged the jurisdiction of the court martial trying Navy Chief Signalman Harold E. Hirschberg, 29, on charges of maltreating fellow American prisoners at Japanese prison camps in the Philippine Islands.

Lt. Cmdr. John J. O'Neill, counsel for Hirschberg, made his move as soon as testimony was concluded at the morning session of the trial. He submitted a brief challenging the court's jurisdiction on the ground that at the time of the alleged acts Hirschberg was under the authority and jurisdiction of the Japanese imperial government and was not subject to army or navy regulations.

O'Neill contended that in view of this Hirschberg was entitled to a trial by jury, and that he was being denied that right.

Lt. Cmdr. Fred E. Frey, judge advocate in an answering brief, denied O'Neill's contention and said that under the Geneva Convention the court martial procedure was perfectly proper.

Frey said he also was relying on another court martial case dating back to the Civil War in which a union officer was tried by court martial under similar circumstances.

Capt. Richard T. Pullen, Jr., who was in command of American prisoners at two Jap camps in the Philippines, testified that he had given section leaders permission to strike prisoners when necessary to enforce discipline. Pullen was recalled to the stand yesterday as a rebuttal witness.

Woodstock C.O.P. Holds Caucus and Names Candidates

Woodstock, Aug. 7 (AP)—Ben DeGraf, incumbent, won over Stewart Jones, 163 to 90 for the nomination as town superintendent of highways in the Republican caucus here Tuesday in the heaviest contesting polling of the night at the town hall.

Kenneth L. Wilson, incumbent, was renominated unopposed for town clerk and Grant Elwyn won over Edwin Holmzel for town clerk by 21 to 67.

George Braendly won the nomination for peace, justice, four years, with 245 votes against 12 for Paul Salzfass.

Other nominations were Roland Shults, councilman; Harry Kutzsch, assessor; and political assessor, two years to succeed himself; William Wilber, assessor, two years to succeed himself; and Marjorie Haeder, assessor to succeed herself for two years.

Herbert Keefe of Shady was nominated for school director for two years and Harrison Gridley, Thomas Carey and Aaron Van Bogart were named on the committee on vacancies.

Attorney John Egan was chairman of the caucus. Mrs. Clarence Peters, secretary and Birge Simmons and Monteen DeWitt, tellers.

Hughes Hurls

Jack Frye, who had warned me, Hughes said.

"By the time we had the lunch, he had weaned his way into my confidence at a point where I wasn't afraid of him."

Senator Williams (R-Dela.) wanted to know whether Hughes understood that any such offer as he contents Brewster made would be a "direct violation of the law."

"I am not an attorney, and I am not prepared to answer that," Hughes replied.

"Did you seek legal advice?" Ferguson asked.

"I certainly did not," Hughes replied. "Would you advise with anyone on a nefarious deal like this?"

Williams asked whether he considered an offer to call off the investigation would be illegal.

"I considered that since the investigation had an illegitimate birth, its elimination would not be illegal or wrong," Hughes replied.

As the hearing recessed for lunch, Ferguson told newsmen the committee is going to stop being courteous.

"The courtesies end now," he declared. "We are going ahead with this hearing and nothing is going to stop us."

"I have had experience with this kind of fellow, and the courtesies end now."

Property Damage Must Be Reported After September 1

Effective September 1, automobile owners involved in accidents will be required to report property damage to the State Motor Vehicle Bureau at Albany in compliance with an amendment to the traffic laws, Sheriff George C. Smith told a reporter today.

Back from a two-day convention of the New York State Sheriffs' Association at Jamestown, Sheriff Smith advised that the property damages are to be explained on forms attached to blanks for reporting the regular data required heretofore.

Commenting on the new forms, Sheriff Smith described them as simplified, and a great improvement over the existing blanks.

During the session held Monday and Tuesday, the sheriffs' association heard that there was a slight increase in crime throughout the country as 50 members listened to speakers of prominence, several of whom touched on juvenile delinquency.

Break Is in Sight for '47 In Polio, U. S. Official Says

Washington, Aug. 7 (AP)—After four bad polio years, a break is in sight for 1947, a U. S. Public Health Service official reported today.

At the same time, however, he urged the public to observe the usual precautions during the rest of the infantile paralysis "season" which runs from June through September.

Reporting a total of 1,955 cases this year up to August 2, compared with 5,450 for the same period last year, the official told a reporter.

"It is not really too late for a sharp rise—that is, a fairly limited explosive outbreak—in a particular locality of the country."

"But, from the figures to date this year, the indication is that the high incidence of the past four years for the country as a whole will be broken."

Full year case totals for those four years were:

1946, second worst epidemic year on record—25,247. (1945, there were approximately 30,000.) 1945—13,619 cases. 1944—19,029. 1943—12,449.

This year, since March 15 (the approximate average date of lowest incidence) there have been 1,344 cases, compared with 4,983 for the same period a year ago.

For the week ended August 2, there were 219 new cases compared with 167 for the preceding week, and 1,284 for the corresponding week last year.

In 1946, the "peak" of the outbreak—that is, the week with the highest number of cases—was reached in mid-August.

There were 1,818 cases in that week, but the health service official said today "I doubt that the peak week this year will have more than 400 cases."

Asking not to be identified by name, he forecast that this year's peak might be reached later than last year's, but offered no estimate of the date.

States which have reported the largest number of cases so far this year, together with comparative figures for last year, are:

California, 467 this year, against 411 last year. New York, 147 against 223. Texas, 108—547; Illinois, 97-327; Ohio, 63-153; Michigan, 62-93; Pennsylvania, 59-62; Florida, 55-399; Nebraska, 53-108; and Minnesota, 49-623.

The health service official said the public should continue to observe such precautions as:

1. Avoiding unnecessary contacts with large groups of people—this is a particular precaution for children.

2. Observing habits of personal cleanliness.

3. Avoiding any strenuous exertion and any sudden exposure to cold water.

4. Calling a doctor in case of unexplained illness.

up a glass from the table and smashed it against Schwartz's head. The glass was broken into several pieces and Guenard was said to have picked up the base of the glass and then grounded it into the back of the neck of the injured man. Other crewmen then separated the two and the call made to shore for the sheriff's office.

Captain J. C. Cianciva of the Barron Hill told authorities that first word of the struggle came to him from his mate. A call was then rushed to shore by Charles Alecca of Kingston who has a boat near Kingston Point, scene of the fight. Alecca came ashore and then notified authorities.

Schwartz was picked up by the tug Callanan, No. 1 which brought the injured man in from the river to Stone's Dock on Ferry street.

'Aristocratic' Cows

Cattle breeders are now aiming for longer life and higher fertility—at a possible sacrifice in milk production—since it has been found that "aristocratic" cows bear fewer calves and have shorter lives than their ordinary kin.

To Modernize P-30A's

Washington, Aug. 7 (AP)—The Army Air Forces announced today that 508 jet-propelled fighter planes will be modernized to keep pace with "rapid" developments in this field. The contract with the Lockheed Aircraft Corporation calls for modifying the early model

P-30A "Shooting Star" to incorporate the features of the new P-30B. The entire job will be completed by next spring.

A Man Who Did Something About

When the heat wave became too much for W. L. Morrisette, a wholesale florist manager of Memphis, Tenn., he just retired to a cold storage vault to finish his dictation amid banks of flowers. His secretary, Virginia Hamilton, found it more convenient to wear her fur coat, hat and galoshes for protection against the falling "dry ice" snow her boss created to cool off.

When using sour milk and baking soda in place of sweet milk in a recipe, add the baking soda to the dry ingredients. If it is added directly to the milk, the gas needed for leavening escapes.

Tight Money May Cut Down Foreign Buying in America

Washington, Aug. 7 (AP)—The Agriculture Department said today lack of funds may cut down foreign buying of American goods by the end of the year.

This buying is said to be one of the prime factors keeping food prices high.

The department said, however, that because the food situation abroad remains critical exports of farm products may continue at the high 1946 rate providing foreign countries can augment their dollar supplies by increasing their shipments to this country.

American gifts and loans abroad already earmarked for farm products will finance \$500,000,000 less of agricultural exports in 1947 than in 1946, the agency said. These exports last year represented \$1,500,000,000 of the \$15,300,000,000 total of all goods and services.

Predicting that the sharpest reduction in foreign buying will be for non-food items and that domestic consumer demands for food will continue strong, the department expressed the opinion that average prices received by farmers will remain high during the next few months.

Likewise, the general level of prices paid by farmers for items used in farm production and a family living is expected to remain high during the next few months.

Bigamist Asks Chance To Bury His Past Life

San Francisco, Aug. 7 (AP)—Francis Van Wie, 60-year-old former street car conductor whose 13 marriages sent him to prison as a bigamist has appealed to Superior Court for a chance to escape his past.

In tears, Van Wie—paroled to work on a fruit ranch—appealed to Judge Herbert C. Kaufman yesterday.

"I'm an old man; I pick fruit all day and load trucks. I can't stand it," he said. "Actually, I suppose I could like the work but those college boys—they jeer at me all day long. They call me Ding Dong Daddy of the D-Cor Line. I can't stand the humiliation."

He paused to weep afresh, and added: "More than ever I realize I've been an old fool..."

He said he wanted some kind of a job in San Francisco, "where nobody will recognize me—where I can bury myself."

The judge, sympathetic, promised to do what he could to help.

Bans Ammonium Nitrate

New York, Aug. 7 (AP)—Fire Commissioner Frank Quayle has banned ammonium nitrate, the fertilizer ingredient that was on ships that exploded in the Texas City and Brest, France, disasters, from piers and warehouses of New York city.

Quayle said last night that the ban would be enforced against the nitrate "no matter what its mode of transportation—ship, rail, truck, plane or otherwise." He described it as "a commodity that is most hazardous to handle."

Railroad Collision

Litchfield, Ill., Aug. 7 (AP)—The Illinois Central's Diesel-powered passenger train, The Green Diamond, smashed through a Burlington railroad freight train near here yesterday, injuring 25 persons but none seriously.

Showers, Breezes Reduce Heat Wave In Midwest Area

(By The Associated Press)

Thundershowers and cooling breezes cut further into the midwest's worst heat wave of the year today after deaths from the four days of 100-degree temperatures had risen to at least 69.

"The heat wave is definitely broken at Chicago and all points north and west and is being broken eastward," the weather bureau said after a shower at Chicago early today tumbled the mercury from 81 to 72 within a few minutes.

Elsewhere, though, the forecasts

said continued high temperatures could be expected today, particularly from southeastern Michigan southward through Indiana, across southern Illinois and throughout the southern plains states.

Fatalities as a result of the heat, including some drownings, included: Chicago, 25; St. Louis 11; Wisconsin 11; Ohio 8; Iowa, Alabama and Arkansas three each; Louisville, Ky., two; Indiana, Pennsylvania and Tennessee one each.

A high reading of 101 degrees yesterday gave Chicago its hottest three-day period since July, 1911. On each of the three days, the mercury climbed to 100 or more.

Yuma, Ariz., reported the nation's highest temperatures yesterday, 113 degrees. Phoenix in the same state had, 112.

Record High Baby Crop Predicted For Year of 1947

New York, Aug. 7 (AP)—A record high baby crop for 1947, eclipsing last year's high of 3,440,000 babies, is predicted by Metropolitan Life Insurance Company statisticians.

The prediction is supported by the fact that there were about 1,572,000 births up to the end of May, an increase of 456,000 over the figure for the corresponding

period of 1946, the company said last night.

Least manufacturers of layettes grow too joyous, however, the company said the statisticians believe that this large difference will be whittled down as the year progresses, since the 1946 record, which reflected the rapid demobilization of the armed forces, was due largely to unusually high birth rates in the second half of the year.

Further, it was predicted 1947 will hold the record for some time to come, since a marked drop in the marriage rate for the first five months of the year forecasts a drop in the birth rate in 1948.

Corn Plus Limas Are Always Popular Dish

By GAYNOR MADDOX
NEA Staff Writer
Succotash is an American favorite.

Cape Cod Succotash
Two 4-inch slices salt pork, mixed fat and lean, 1 pound shell beans or limas, 4 cups corn, cut from cob, 1 new onion, sliced, 1 pint rich milk, one 14-ounce can evaporated milk.

Wash pork and cut in 4-inch cubes. Place in pressure cooker with 1/2 cup water, beans and onion. Seal cooker according to manufacturers' directions, cook over high heat until 15 pounds pressure is reached. Lower heat and cook 2 1/2 minutes. Reduce pressure quickly under cold water. Open cooker and add fresh corn, milk, salt, if needed, and pepper. Heat slowly without cover and allow to stand just under boiling point for 3 minutes. Serve in soup plates as main course.

Peaches are cheap and luscious. Let's eat them a lot.

Fresh Peach Roll
Two cups sifted flour, 3 teaspoons baking powder, 1/2 teaspoon salt, 1/4 cup shortening, 1/4 cup milk, 6 ripe peaches, 1/2 cup sugar, 1 1/2 tablespoons lemon juice.

Mix and sift dry ingredients, work in shortening and add milk, stirring until a soft dough is formed. Turn out on lightly floured board and knead just enough to form into smooth ball. Roll to 1/2-inch thickness. Pare and slice peaches, place on dough and sprinkle with sugar and lemon juice. Roll as for jelly roll, place seam down on greased baking sheet and brush with butter. Bake in hot oven (400 degrees F.) for 25-30 minutes. Serve with whipped cream.

Peach Ice Cream
Four cups thin cream, 5 ripe peaches, sugar syrup, 3/4 cup granulated sugar, 1/4 teaspoon almond extract.

Peel peaches, slice fine and sweeten to taste, with sugar syrup. (Boil together 2 cups sugar and 1 1/2 cups water for about 5 minutes.) Crush well or rub through a coarse sieve. Scald cream, add sugar and stir until dissolved. Add almond extract. Cool and chill before freezing. When half frozen, add the sweetened peach pulp and continue freezing until stiff. Remove dasher, scrape down sides and pack three to four hours.

TOMORROW'S MENU
BREAKFAST: Melon, scrambled eggs, rice muffins, butter or fortified margarine, marmalade, coffee, milk.

LUNCHEON: Broiled tomato on toast with cheese and chopped bacon sauce, whole-wheat bread, butter or fortified margarine, oatmeal cookies, iced tea, milk.

DINNER: Fried ham steak, glazed sweet potatoes, Cape Cod succotash, soft rolls, butter or fortified margarine, scallions and radishes, fresh peach roll, whipped cream, coffee, milk.

SHOKAN

Shokan, Aug. 7—Elder Amasa Slawson of Kingston conducted preaching services in the Olive and Hurley O. S. Baptist meeting house Sunday.

Mr. and Mrs. Joseph Naughton of New York are spending a vacation in Shokan. The couple have been coming to this section for many years. Mr. Naughton is a retired lieutenant of police.

Robert Secor of Kingston was a caller Sunday.

Chester Lyons, Jr., formerly of Ashokan, has employment at Lackawack and is boarding at the home of his sister, Mrs. Wayne Murdoch, on the north boulevard.

Business callers in the hub of the reservoir country last week included A. Sarno of New Paltz and Oliver Davis of Alwood.

Aug. 7, 1913, the death took place of Arthur Ennals, who was born and brought up in the old village. Funeral services were held August 10 at the family home in Phoenixia, the Rev. Ambrose Quick officiating. Arthur was the elder son of Daniel W. and Anna (Davis) Ennals.

Paul Engler, 28 farmer, is home again following a hospital sojourn. Mr. Engler is unable to do much work around the place as a result of his illness.

The date of the Shokan Reformed Church fair and supper has been set at Wednesday, August 20. More details about the fair will be announced.

The Rev. Richard Coons and wife are spending their vacation at a boys camp further up in the mountain. The couple is accompanied by their neighbors, William Oakley and Harry Personous.

Having a Birthday: Fred Gulnac, Sunday, August 10 and Kenneth Davis, August 12. Fred is another of our old timers, having resided in northeastern Olive near the Hurley line for many years. He is one of the older members of the Ashokan Reservoir force in point of service and attends the Ashokan Methodist Church.

Kenneth, son of Mr. and Mrs. John Davis, is a new resident of this part of the town, having been having been in the Krumville area. He moved to Ashokan several months ago and is now employed at the William Supple sawmill on the south of the reservoir.

Technical Sergeant Alf M. Berg, former K.H.S. student, who saw service with the 82nd Airborne in the European war theatre, made a brief week-end visit at the home of his parents, Mr. and Mrs. Edwin Berg. Alf is stationed in Georgia but for a few weeks will be in Pennsylvania taking a school course for college credits.

George Chopay of Long Island is assisting John Jones, mountain road farmer, with the latter's hay-making operations. George is staying with his maternal grandparents, Mr. and Mrs. George Giles of the old state road.

Week-end guests at the John Leacock home included Mr. and Mrs. Robert Uhler and son, Bobby, of Yonkers. Young Uhler, a senior at the Roosevelt High School, returned home Sunday with his parents following a week-end visit with his father, John Leacock.

Harold Carlson of the village center has started picking his crop of swamp huckleberries.

Latest Shokan reported real estate transfer is that of a residence property on Route 28 from Fred Robinson to Anthony Pastre of Amsterdam. Mr. Pastre and family are now occupying the premises. The house which was vacated by Mr. and Mrs. Irving Weeks in July, for many years was used as a summer home by Bella and William Windrum of New York.

August 5, 1879: Funeral services for Miss Lizzie Abbey were held at the family home at Broadhead. Miss Abbey, a music teacher who earlier resided at Watkin's Glen, had fallen to her death from the Boiceville railroad bridge August 2, while walking up the tracks to the home of one of her pupils, Miss Lillie Fletcher. The news of the young woman's tragic death occasioned much sorrow throughout Olive where she was widely known.

Mrs. John Grant was called back to New York last week due to the sudden illness of her husband who has since been reported as much better. Mrs. Grant, a daughter of Joshua Bell, formerly of Shokan and Whiteport, had been staying at the summer home of her sister, Mrs. Kendall Every. Vacationing at the James Carpenter camp during the month of August are Mrs. Ray Farmer and sons, Ray and Michael of Washington Heights, also Mr. Farmer's aunt, Mrs. Anna Mitchell of Jackson Heights. Mr. Farmer, a mem-

Bearing Down on Britain's Crisis

The gravity of Great Britain's economic plight is reflected in the face of Foreign Minister Ernest Bevin as he strides along Downing Street to a meeting between the British cabinet and national leaders of the miners. They wrestled with the problem of increasing output of coal, backbone of British economy.

ber of Fire Engine Company No. 67 on 170th street, was here for the week-end.

M. Kramer is renting the James A. Hartvig summer home on the north shore of the reservoir. The house which has not been occupied by the Hartvig family for several years, earlier was the summer home of Mrs. William Longyear of Kingston.

Echo of the Past: Otto Rat while doing some work in the attic of his home, came upon two cabinet group photographs of the Seven Sutherland Sisters whose names and faces in Grandma's day were known throughout the nation in connection with the harmonic which they sponsored. The photos by Eisemann of 229 Bow-

Only Part-Time Buses

Albany, N. Y., Aug. 7 (AP)—The new state law requiring school buses to bear flashing red signals, front and rear, effective next January 1, includes buses used only in part-time school service, the Bureau of Motor Vehicles said today.

Commissioner Clifford J. Fletcher said the law covers all buses with a seating capacity of more than seven "used exclusively to transport pupils and teachers." The lights would be operated when the bus halted to handle passengers.

Inquest August 19
Lake George, N. Y., Aug. 7 (P)—An inquest into the drowning of Miss Reva Reznick, 23, a New York city nurse, will be held August 19. The inquest was originally set for yesterday. The young woman's bruised body was found last Friday, fully clothed in about four feet of water off a Lake George beach. Herlihy said yesterday that death was "probably accidental."

Stork Beats 'Goose'

Nassau, B.W.I. (P)—A race between a stork and a "goose" ended here with the stork making its delivery before the "goose" could land. The "Goose" a six-passenger amphibian of that name operated by the Bahamas Airways, Ltd., was rushing Hazel Rolle from the tiny outlying island of Andros to a Nassau hospital. On the thirty-minute flight, the stork overtook the plane, delivering Margaret Rolle, Marga et Stalker, an English nursing sister, officiated. Capt. Leonard Thomp-

son summed it up: "It was a close race. Our Goose was fast, but the stork probably aided by favorable winds—beat us by a few minutes."

Bar Nassau Potatoes

Augusta, Me., Aug. 7 (P)—Importation of potatoes from Nassau County, New York, into Maine was barred today by executive order. Gov. Horace Hildreth said the Long Island potato producing area was "infested" with golden nematode, or eelworm, which he declared threatened Maine's industry.

Maverick Players Give Thrilling Production of Rope

Woodstock, Aug. 7.—The Maverick Players, those amazing young thespians whose performances through six previous plays this season have delighted Ulster county audiences, have rung the bell again—several times.

Plaudits this time are for everybody directly or indirectly connected with the mystery thriller, *Rope*. About the only indirect commendation is that due the author, Patrick Hamilton. Hamilton was not present, but the characters he created in this drama moved vividly across the stage.

Direct praise accrues to Director Leonard Heech and the cast of eight topped by James Doohan, Harding Lemay and Fred Sadoff for their superb portrayals of principal roles. *Rope* is a play of psychological timing and delicate force and unless the friends of emotion are deftly and delicately woven audience let-down could be terrific. In the Maverick presentation this never happens.

In important but minor roles are Jeanne Jerroms as Lella Arden, William Major as Sir Johnson Kendley, Lynne Chorney as Mrs. Debenham, Kenneth Paine as Kenneth Tugan, and Tony Manino as Sabot. Their individual contributions are as usual—finished portrayals.

New Peak of Excellence—Those who have attended Maverick Players' productions regularly and have marveled to whom they could but not how about this young group have waited quietly for the week when a letdown might come. Each time, however, the group has hit a new peak of excellence in an exacting repertoire. Three more plays remain and the question inevitably before this company's enthusiastic supporters is: Where do they go from here?

Van der Loos Have Helped—The answer, happily anticipated by the actors themselves, is: The Maverick Theatre, Summer, 1948. Among those in Woodstock whose praise for the group has been steadfast, both as artists and

Dardenne, Master Of Violin, Possesses Famed Instrument

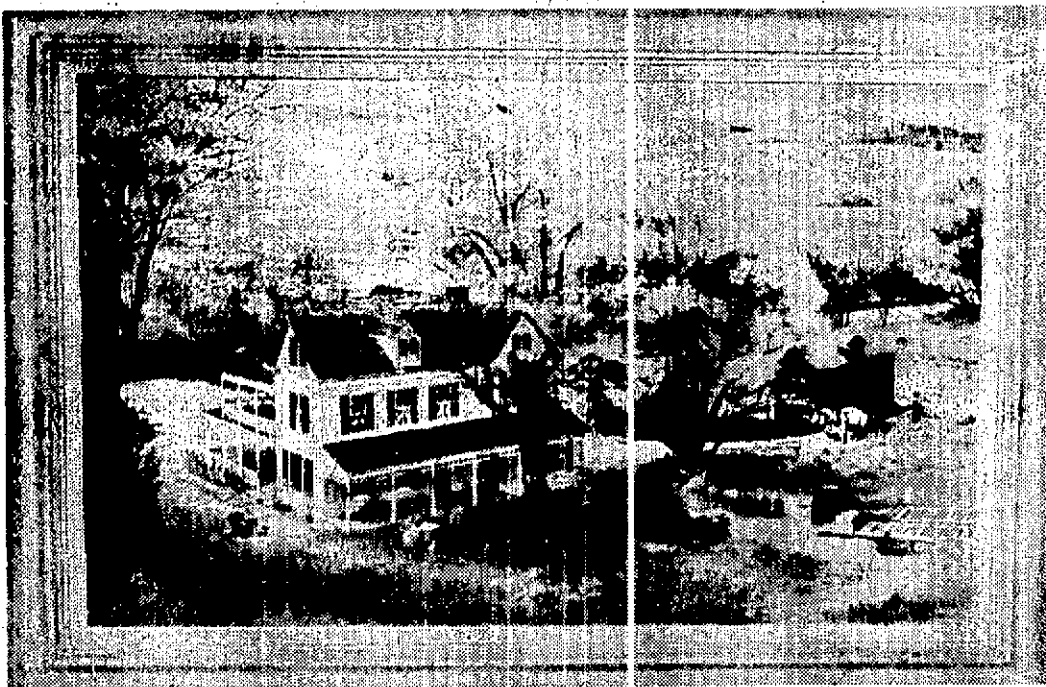

Woodstock, Aug. 7.—Overlooking Yonkestown Pond and with a magnificent view of the Catskills, Mr. and Mrs. Victor H. Dardenne selected the site of their summer home high in the hills of Wittenberg where they have been for the past six summers. This beautiful spot is the concert hall where privileged friends gather for a few musicals given by Mr. Dardenne, second concertmaster of the Metropolitan Opera Orchestra, during the summer months. On August 26, however, this prominent violinist will sponsor a benefit concert at his home, when several guest artists will be heard, and to which performance the general public is invited.

Born in Liege, Belgium, Victor Dardenne studied at the conservatory there for 10 years, during which time he received many prizes for his outstanding work, the last of which was the gold medal with distinction for the violin. Later he taught in the colleges of Saint Servais and Saint Louis while he was orchestra conductor of the Grynmans theatre. Another engagement as concert master of a large symphony orchestra at the Palace theatre in Liege terminated with his desire for further study. He renewed his study with Mathieu Crickboom and Cesar Thomson.

Following the first world war, Mr. Dardenne gave over 300 concerts with the then celebrated baritone, Jean Vot, for the relief of war orphans.

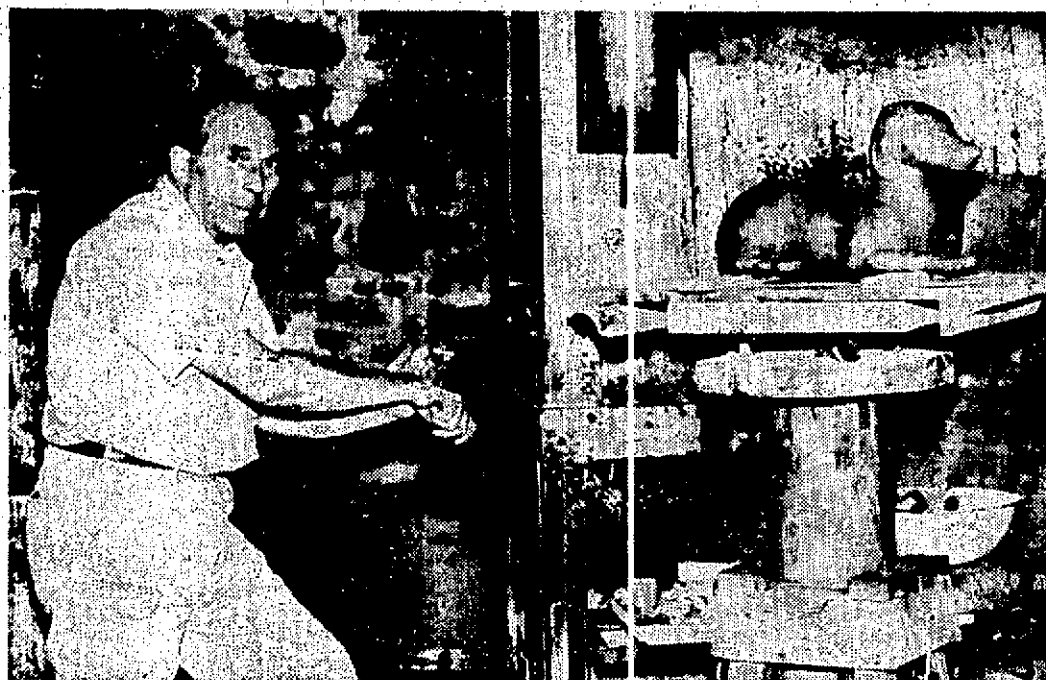

Refuses Parisian Offer—Refusing the offer of concertmaster in the Gaumont Theatre in Paris to come to what Mr. Dardenne described as "the country of my dreams," he found himself in New York with but very little knowledge of the English language. He registered at various agencies in New York city and in due course was offered a position with a dance orchestra on a boat making scheduled voyages between New York and South America. For this engagement he received \$25 per week, but he said, "I had to wear a special kind of suit which cost \$20 and for which the agent deducted \$7 per week until the full amount was paid." At the end of his first voyage, he overheard the agent asking the conductor what he thought of Dardenne as a violinist to which the

Ceramist Is Seen at His Famous Kiln

Carl Walters, Maverick resident, is one of Woodstock's best known artists. His medium is clay and he is noted for his designs and as a colorist. His ceramic pieces are prized collectors' items. His Violin Has Magic Name

Metropolitan Museum. Submitting this new development, brought the renewal of the Guggenheim fellowship, and a fresh impetus to the work for which he is best known today.

The decorative glass doors at the Whitney Museum are another result of an accidental exploratory adventure which started in 1926 when Mr. Walters was in Venice watching the apparently simple operations of the famous glass blowers. He decided to try that. Eventually, he built a furnace and after some experimentation, discovered it was much more involved than it appeared. He then invented mechanical helpers, including a contrivance which enabled him to melt glass into a mold without sticking. From this adventure came his beautiful decorative glass.

Born in Iowa—Carl Walters, who was born in Iowa, lived and worked in many parts of the country, before coming to New York. He tried his hand at all sorts of jobs to make a living. Another example of his resourcefulness and creative ability is to be found in the beginnings of a flourishing candle business he had in Portland, Oregon, many years ago.

While sitting at his table after dinner one evening, he became absorbed with the fat remaining on a mutton chop and with the aid of string, cardboard, cobalt blue, and some effort, he produced a candle which greatly intrigued a friend who was also a gift shop owner. Shortly after, he found himself in business making much sought after elaborate and colorful candles.

In Woodstock Since 1932—The Walters have been living in Woodstock since 1932, and to the people of this valley, his beautiful blue plates and bowls as well as ceramic jewelry, for which the Woodstock Guild of Craftsmen is famous, are perhaps most characteristic. On exhibition at the Woodstock

Riding Club Has Busy Schedule

Woodstock, Aug. 7.—The Woodstock Riding Club has a busy schedule planned for the next several weeks including a "hare and hound" chase, ending with a picnic supper at the club ring Sunday afternoon, August 10, beginning at 3 o'clock. The "hares" for the chase will be Winsley Muller, Louise Van Wageningen and Ruth Lupo.

At the special meeting held Monday evening, at which Vice-President George Hard presided, in the Odd Fellows Hall, Bearsville, the proposed resolution to change the present method for electing new members, was defeated.

It appears likely that the Woodstock Riding Club will be well represented in horse shows both at the Ulster County Fair in Forestburgh August 20, and later at the Dutchess County Fair, Virgil Van Wageningen, president, and Freeland Van de Bogart have entry blanks for these two events. Members who are interested in entering the shows are requested to get in touch with Virgil or Freeland.

Horse Show September 22—Tentatively, Sunday afternoon, September 22, has been selected for the date of the club's second Horse Show which will be given at their own ring on Chestnut Hill road. Outside amateur competition will be invited to enter this show. Audrey Good, who did such a grand job on the first show, has consented to be the chairman for this one as well. George Hard, too, will again serve as show director. The committees for the show will be announced shortly.

Winsley Muller, chairman of the entertainment committee, was highly commended for his splendid organization and execution of plans in connection with the Library Fair parade and the recent picnic supper at the club ring, both of which events were very successful undertakings.

The next meeting of the club will be held during the last week in August.

Paprika May Help

San Francisco, Aug. 7.—(AP)—Meatballs heavily seasoned with paprika are being fed to goldfish at the California Academy of Sciences in an effort to prevent them from fading. Paprika is a good source of vitamin A, which is associated with yellow coloring. Dr. Robert C. Miller, academy director, says he isn't sure it will work but that something ought to be done to preserve the bright color of newly-minted gold in salt water goldfish that come to the aquarium. After a few weeks in the aquarium tanks the golden sheen fades.

3,000 Miles in Less Time—When ram-jet air transport is put on a practical basis, flights of 3,000 miles will take six or seven hours instead of the current 12 to 14.

Bird songs are now believed to be a means of warning intruders away from territory appropriated by the singer.

Three-Hour Work Stoppage Decried Over Internment

Jerusalem, Aug. 7.—(AP)—Jewish leaders decried a complete three-hour work stoppage this afternoon in protest against the internment by British authorities of three Jewish mayors and some 40 other Jews for the avowed purposes of checking terrorism.

Violence continued meanwhile. British authorities announced that 12 oil tank cars were wrecked by a mine explosion at Ras El Ain, between Tel Aviv and Haifa. The blast ripped up 300 yards of railway track, but caused no casualties, the announcement said.

An extraordinary meeting of Vaad Leumi (the Jewish National Council) and other leaders decided upon the work stoppage in the Jewish areas of the Holy Land. They ordered all Jewish traffic halted and all Jewish shops, restaurants and places of amusement closed from 2 p. m. to 5 p. m.

The leaders at the same time called for the abolition of emergency regulations and the re-establishment of the supremacy of civil law throughout Palestine. The group repeated a pledge to fight Jewish underground terrorist groups.

The three mayors rounded up by the British are Israel Rokach of Tel Aviv, Oved Ben Ami of Natanya and Abraham Kinitz of Ramat Gan. They are being held

at the Latrun detention camp with the other arrested Jews, most of whom are members of the right wing Revisionist Party. The Jews were arrested under emergency regulations and no specific charges have been lodged.

Vincent Ausanio Held In \$100 Bail for Assault

Vincent James Ausanio, 23, of Delaware avenue, Kingston, was arrested yesterday by Detective Clarence Brophy of the Kingston Police Department and County Investigator Clayton Vredenburg, of the sheriff's office, on a charge of assault, third degree.

Mrs. Mary Ida Cole, of East Kingston, was the complainant. Arraigned before Justice of the Peace Percy Bush, Town of Ulster, Ausanio was released on \$100 cash bail pending a hearing set for Saturday, August 9, in the town clerk's office, Town of Ulster.

SAUGERTIES NEWS

Saugerties, Aug. 7.—A daughter has been born to Mr. and Mrs. Tartaglione of Glenelg at the Kingston Hospital.

Mr. and Mrs. Robert Goethius of Long Island were recent guests of Misses Anne and Mille Lange on Russell street.

Mr. and Mrs. Harry Smith, Mr. and Mrs. Ernest A. Schirmer and Mrs. Myra Burns motored to Canada and northern New York state. Mr. and Mrs. Joseph Keenan of Partition street have returned from a visit with their son and daughter-in-law, Dr. and Mrs. Vincent Keenan and children in Rutherford, N. J.

Mr. and Mrs. Joe Benjamin and son and William Schaffer of Russell street attended the New York-Cleveland baseball game in New York city.

Mrs. Shirley Benton of this village spent the past week-end visiting relatives and friends in Schenectady.

Mrs. Mary Lake, Mrs. Arthur Cheney, Mrs. Grace Miller and Miss Sara Crippen of Utica were recent guests of Mr. and Mrs. Joseph Frankel on Washington avenue.

The Saugerties Fife, Bugle and Drum Corps are now being re-organized and anyone who can play an instrument or would like to join the organization is invited to attend the meetings or contact the officers. Hopes are that many will be added to this organization to represent the village.

Edgar MacLary of West Bridge street has recovered from his recent illness and has resumed work as painter and decorator.

The following program has been arranged for the local Methodist Church for the month of August: Sunday, August 10, the Rev. Morris Ruested of Calicoon; August 17, the Rev. William R. Peckham of Kingston; August 24, George V. Shultz of Saugerties; and Sunday, August 31, the Rev. Ralph Reed.

Mr. and Mrs. Russell Priestley and family of this village spent their vacation in Vermont.

First Class Officer Lewis Burhans has returned to Boston, Mass., after visiting his family at Glasco.

Mrs. Annie Boyle and son who have been visiting her brothers and sister here have returned to New York city.

Mrs. George Cluette of Quarryville is a patient in the Dale Sanitarium for treatment.

The Saugerties Reformed Church is closed during August and will resume September 7 and the church school September 14.

Knaust Brothers have opened another new street in this village and will be known as Virginia street extending from Lafayette street through the former Cantine property to Malden avenue.

Several new houses have already been erected and it is expected that some 34 more will be built by the Knaust enterprises.

The development has been approved by the P.T.A. and many people have visited the place. With the machinery and employees of this company it is possible that a house could be built in five days and would not be long before a small village could be erected.

In opening the Valley Farm as a residential section, the local men are making a great contribution to the wealth of the village and improving the property as well as bringing about some relief of the housing shortage in the community.

More than a thousand people of the Ulster-Greene counties attended the concert by the Williams Music School in Pine Grove under the baton of Jan Williams who succeeded his brother, the late Ernest Williams, in the work of training students for top positions in the music world. The final concert will be held Friday evening in the Music Camp Auditorium.

Floyd R. Cantine, president of the nationally known paper mill, the Martin Cantine Company, and also a leading industrialist of this village, has made a fine donation to the Woodstock Country Club by the gift of a bathing pool.

Mr. Cantine also has done much to advance the many projects in this village and his wife is along the lines of his father, the late Martin Cantine, who was a leader in his field.

James Draw of New York city, a patient at the Dale Sanitarium, is reported recovering.

Mr. and Mrs. Fred J. Eckerlein, Walter Eckerlein, Miss Ruth Schoonmaker, Mr. and Mrs. Merwin Hommel and Mr. and Mrs. Claude Hommel, all of this town, were in Plattsburg July 31, attending the exercises held at the State Teachers' College for graduates of the school of nursing.

Judge Kaufman, William Kaufman, Fabian Russell and Dr. Rodney Ball, all of this village, participated in a golf tournament at Williamstown, Mass.

The Saugerties Lions' Club clambake will be held at the F. L. Russell pavilion Sunday, August 17. The bake is open to the wives and friends of the Lions and Phil Breithaupt will prepare and serve the bake.

F. William Tepe of Washington avenue has resigned as election inspector after serving for the past 50 years. Gordon Keeley of Partition street has been appointed to the position by the Town Board and will cover election districts number 2 and 1.

The Centerville Fire Company is having a new addition built on the fire house in readiness for the new fire apparatus which the district recently purchased.

Mr. and Mrs. Roy Potts, Miss Charlotte Overbaugh, Mrs. Katherine Sloboda, Mervin Potts, Nelson Burhans and Paul Detrich of St. Paul's Lutheran Church at West Camp attended the summer school for church workers at Silvey Bay on Lake George.

Mr. and Mrs. Jeremiah Carle of Washburn Terrace have returned from spending their vacation in Oneonta.

Larry Cahill, Jr. of this village is spending some time with relatives at Fulton.

The Continental Shows have arrived in this village and will show here during the entire week for the benefit of the C. A. Lynch

Hose Company. The carnival is located on the lot in the rear of the Honor Roll on Main street and proceeds will help the local firemen.

Harold Van Voorhis of his village has returned from Lake Placid where he was accompanied by his brother, Albright Van Voorhis and daughter of Madison, N. J.

A daughter has been born to Mr. and Mrs. Robert Goethius of Partition street at the Dale Sanitarium.

Services in the First Congregational Church will be discontinued during the month of August and the church will hear a candidate for the pastorate the first Sunday in September.

Miss Joyce Merrihew, a new member of the local school's faculty, has completed her summer work at this village and will spend the month of August with her parents, Mr. and Mrs. Floyd Merrihew at Ashokan.

Howard Myer of West Saugerties is having a new house built on the Saugerties-Veteran highway.

The Rev. and Mrs. Milton B. Davis and daughter have returned from spending the past month at Manassus, N. J. The Rev. Mr. Davis has resumed his duties at the Baptist Church.

Miss Gurlie Anduson of Cranford, N. J., is the guest of friends in this village.

Mrs. B. Dudley and son of Athens were recent guests of friends here and formerly resided in this place.

The front of the Schoenfeldt building on Main street is receiving a fresh coat of paint and decorations.

The Saugerties Community Orchestra will present two outdoor programs during the month as follows: Thursday, August 14 at 8:30 p. m., and Thursday, August 28, at 8:30 p. m., at the stand in the rear of the municipal building.

A daughter has been born to Mr. and Mrs. Harvey Green of Partition street at the Dale Sanitarium.

Was Double Menace

Logan, W. Va., (AP)—Harold Williams went raspberry picking with his sister, heard an ominous rattling in the grass and recoiled from a foot-long snake with two heads—both of them well-formed and poised to strike. Despite pleadings from his sister, Williams captured the queer reptile with a forked stick. The rattler died some days later in captivity.

Funeral Money Kept Ready
Great Falls, Mont., (AP)—An aged man was found drunk and unconscious on the street and when searched at jail \$383.11 in currency and silver was found stuffed in his shabby trousers. Asked why he carried so much money with him, he replied: "Maybe I die sometime. That is the money I keep with me for my funeral expenses." Police withheld his name while trying to convince him that his funeral funds should be kept in a safer place.

Marcantonio May Find 3rd Obstacle In Running Again

New York, Aug. 7 (AP)—Similar rules changes that could have a bearing on reelection plans of Rep. Vito Marcantonio, Manhattan American Labor party leader, were adopted last night by the Democratic and Republican county committees.

Both parties decided that a vote of their executive committees would determine whether a member of another party could enter their primaries. Previously, only approval of the leaders in the district concerned was necessary.

The new move added a third obstacle to Marcantonio's plans for reelection next year.

First was the new Wilson-Pakula law, which provides that a

registrant in one party cannot enter the primary of another party without its consent. Then last week Marcantonio sought unsuccessfully to elect Democratic county committeemen in three Yorkville-East Harlem assembly districts who might be favorably disposed to his renomination by the Democrats. They are in his 18th Congressional district. In 1946, with the support of the Democratic district leaders in his district, Marcantonio entered and won the Democratic primary. He also won the Democratic nomination, as well as A.L.P., in 1944.

Since the county committees of the major parties are governed largely by their leaders in such matters, last night's rules changes mean that Marcantonio could not enter a primary other than A.L.P. without the approval of Frank J. Sampson, Tammany leader, or Thomas J. Curran, who last night was re-elected Republican county leader.

Frank Osterhoudt Wins Scholarship For Second Time

Ithaca, Aug. 7 — Frank H. Osterhoudt, son of Mr. and Mrs. C. Howard Osterhoudt of Flatbush, is one of 12 farm boys to receive a \$200 Ladd Memorial Scholarship in the New York State College of Agriculture at Cornell University. Prof. J. P. Hertel, secretary of the scholarship committee, announced today.

Osterhoudt, a sophomore at Cornell, won one of the four Ladd scholarships awarded last year and ranks in the top fifth of his class. He helped plan and carry out the work of his father's farm before he came to Cornell and was a member of the 4-H, F.F.A., Junior Red Cross, and several school organizations. Osterhoudt is an agricultural economics major and plans to prepare himself for agricultural extension work when he graduates.

Purpose of the Ladd Memorial Scholarship Fund, established by farmers and farm organizations throughout the state in honor of George Ladd, late dean of Cornell's College of Agriculture, is to help worthy farm boys and girls with leadership ability get a college education.

More than three-fourths of the \$100,000 goal for the fund has already been obtained, Frank E. Benaway of Ontario, chairman of the fund committee, reports. One of the goals is to reach 20 scholarships of \$200 each will be available every year in the New York State College of Agriculture.

"Contributors to the fund have recognized the need for a continuing and increasing supply of able and trained men and women in agriculture and that much of the farm leadership will come from young people now approaching college age. Sound leadership is more important today than ever before, because of the increase in the number and scope of farm organizations and because many problems can be solved by cooperative action and group endeavor," Mr. Benaway explains.

The Rev. Merrill C. Johnson, pastor, will deliver the sermon.

Kite Likes His Mush
Leningrad Zoo, meatless during the blockade, taught a carnivorous bird to eat cereal. Only food supplies were cereal, frozen potatoes and hay. They were cooked up together and offered to a kite, foodless for days. It turned away in disgust. In a last effort to save it from starvation, keepers took a stuffed heron, pulled out the stuffing, filled it with the potato-cereal mixture and threw it into the cage. The kite pounced on the heron and feathers and dried skin flew. When, instead of blood and meat, the mushy substance came out, the kite jumped aside in amazement. Finally he again attacked the stuffed bird and ate the stuffing. Now, he is so used to vegetable food that this is his regular diet.

Wiltwyck Ladies Hold Tournament
A mystery tournament was held at Wiltwyck Golf Club Ladies' Day Wednesday with prizes being won by Miss Anna Kennedy and the Misses Isaac, Townbridge, Ernest LeFevre, Jack Feye and C. E. Burnett.

Luncheon was served and hostesses for the day were Miss Kennedy and Mrs. Feye. Next week the hostesses will be Mrs. Stanley Hankinson and Mrs. Burnett.

Ernest Styles, Saugerties Marries Ida Bonvicini

The marriage of Miss Ida Bonvicini and Ernest Styles was held Wednesday morning at the home of the bridegroom's mother, Mrs. Ernest C. Styles, Washington avenue, Saugerties. The Rev. Thomas Falshaw of the Methodist Church performed the ceremony. Attendants were Miss Anna Styles, sister of the bridegroom, and William Glynn of Cherryville.

Mr. and Mrs. Styles will reside in Norfolk, Va.

THEIR QUALITY STANDS OUT...
RICH KIRKMAN FLAKES ARE AS PURE AS A LUXURY TOILET SOAP!

THEIR SUDS STAND UP
KIRKMAN FLAKES "STAND-UP" SUDS LAST LONGER THAN MOST BRANDS IN BOTH HARD AND SOFT WATER!

Safer for Fine Things
Your most precious nylons and rayons are safe as can be in these pure flakes. See how these rich, abundant suds gently remove every trace of soil and perspiration from your daintiest underthings...leave them flower-fresh.

Less Work
Let Kirkman Flakes lighten your work! These thorough stand-up suds save hard rubbing and scrubbing when you have a big family wash...in washing machine or tub. They make dishes sparkle, glasses gleam in jig time.

Kinder to Hands
Protect the loveliness of your hands. Kirkman Flakes are as gentle and mild as a luxury toilet soap. (By U. S. Government standards) You'll love their creamy texture. And colors stay brighter longer with gentle Kirkman care.

Saves Money
Here's how you save money with Kirkman Flakes:
—More flakes in every box than from other luxury brands.
—Their rich, stand-up suds go further than the thin, watery kind of suds.
—Clothes look better, wear longer when you avoid harsh soaps and old-fashioned washing methods...when you give them gentle Kirkman "stand-up suds" care.

Return of American War Dead Underway

Under the direction of U. S. Army personnel, Belgian workers start disintering one of the American war dead at the U. S. Military Cemetery at Henri-Chapelle, Belgium. The wooden coffin in the background is used to transport the body to the identification point at the cemetery before placing it in a casket and shipping it to the next of kin in the U. S.

Gold Star Mother Visits Son's Grave

Mrs. Henry M. Phinney, of Melrose, Mass., kneels to place flowers on the grave of her son, Wimburne N. Phinney, at the U. S. Military Cemetery at Henri-Chapelle, Belgium. She was one of the last visitors before disinterment of 5000 of America's war dead at this cemetery began.

Identify Dead

Lt. Raymond G. Johnson, left, of Caldwell, Ohio, and Frank Connaughton, of Springfield, Mass., make a final identification check before disintering one of the American war dead at the U. S. Military Cemetery at Henri-Chapelle, Belgium. First shipment of 5000 bodies is expected to leave for the U. S. early in October.

Firefighters Ask Fixed Group on Protection, Control

Buffalo, N. Y., Aug. 7 (AP)—The New York State Firefighters Association wants a permanent committee of professional firemen under the State Bureau of Fire Protection and Control to coordinate a state-wide program of adequate fire prevention and protection.

The request was made yesterday in a resolution passed at the closing session of the association's ninth annual convention. Other resolutions asked:

1. A 60-hour work week.
2. Legislation guaranteeing the restoration and protection of civil rights of all civil service employees in the state.
3. Regular entrance and promotion examinations in all fire departments and immediate establishment of eligibility lists from which vacancies would be filled within 60 days.
4. An occupational disease research committee to be organized in local units of the association.
5. A program of low cost emergency housing for veterans to be financed by the Reconstruction Finance Corp. and exempt the homes for 10 years from state and municipal taxes.

Army Barracks Burns
New York, Aug. 7 (AP)—Several hundred soldiers fled a blazing army barracks on Governors Island today, then turned to help firemen and fireboats fight flames which were visible for miles across New York harbor. A duty officer on the island, headquarters of the First Army, said it was believed no one was injured in the fire which flamed suddenly in a concrete barracks capable of housing 1,000 men.

Dodgers Lose Two, 3-1, 8-3; Mahanoy City Plays Here Tonight

Double Defeat by Carbondale Cuts N.A.L. Lead to 5½ Games

The Kingston Dodgers were back in town this morning after absorbing a costly double defeat at the hands of the second place Carbondale Pioneer Blues before 1,675 fans at the Pennsylvania ball park. The scores were 3 to 1 and 8 to 3.

Lead Now 5½ Games

Kingston's double setback last night sliced the league lead to just 5½ games which Manager George Pratt's club will try to fatten tonight at municipal stadium when the Mahanoy City Bluebirds appear for a doubleheader starting at 6:30 p. m. The clubs wind up the short three game series with a singleton here Friday night and then the Dodgers head for Nyack for twin-bills Saturday and Sunday nights.

Dave Bennett went all the way for Manager Pratt in last night's opener and was charged with the 3-1 defeat. The Dodger flinger gave up but three bingles while his adversary, Joe Jaworski, was touched for six hits.

Antonez Cracks Homer

Rudy Antonez, Kingston backstopper, deprived Jaworski of a shutout when he slammed a homer in the top half of the third for Kingston's lone marker. Carbondale bounced back with two in the fifth and added one in the sixth for insurance.

Two other Kingston hits were of the extra base variety as Walt Kowalski and Brian Kerr polied doubles. Kunz, Carbondale fly-chaser, tagged one of Bennett's offerings for a triple.

Although issuing five free tickets to first, Bennett racked up seven strikeouts, Jaworski whiffed five Kingston batters, and Carbondale's inability to deliver when the chips were down, cost the locals the nightcap which went nine innings. The Dodgers, who picked up eight hits off the offerings of Zwick, left 15 base runners stranded.

Lefty Kon Braun opened on the hill for the locals but was chased and he was relieved by Alton Gilbert. Braun was charged with the loss.

Kingston took a 2-0 lead in the third but Carbondale came back with two to tie it up in the bottom half of the third.

The Dodgers forged ahead by one to make it 3-2 in the fifth but the lead was again short-lived as the Blues pulled out in front with three to make it a 5-3 ball game.

Zwick settled down and checked Kingston without a run from the top on but Carbondale kept on scoring with another cluster of three markers in the seventh to win the decision, 8-3.

Last night's turnout of 1,675 fans brought the total attendance for the series to 5,408.

City League Stars Named For New York Police Game

Bill Windburn, George Zadany, Bill Tierney and Big Ralph Tiano were the most popular choices in the balloting for the City League All Star squad to meet the New York Police at municipal stadium on Saturday night, August 30.

Selections were made last night at a special meeting held in President Warren Smith's office on Crown street.

On the basis of votes, the starting lineup will be:

Windburn, Jones Dairy, p
Zadany, Jones Dairy, c
Vogt, Morgan's, 1b
Gill, Chez Emile, 2b
Celuch, Jones Dairy, 3b
Tierney, Morgan's, ss

Tiano, Seven-Up, If
Maines, Jones Dairy, cf
Crosby, Chez Emile, rf

The championship Jones Dairy squad placed four men in the starting lineup and also bagged the two infield alternates—Johnny Schatzel and Chapple Van Derzee.

Billy Windburn, who has a two-year winning streak of 16 straight, was almost a unanimous selection with 24 votes. Jackie Watzka, the Stauble Bakery fireballer, received 15 votes, while Artie Barnes, of the second place Hofbrau, noted out Al Gruner, of Boulevards, for the third spot.

Bill Olen, hard hitting battery mate of Watzka with the Stauble

team, was named, alternate catcher.

Bill Tierney, Morgan's sensational shortstop, led the balloting for infielders by a wide margin. It required several ballots to establish Allan Vogt over Johnny Schatzel at first base. Andy Celuch was virtually unopposed for third base, while Bob Gill, of Chez Emile, was rewarded for his sparkling play by getting the designation for second base.

Big Ralph Tiano, heavy hitting Seven-Up left fielder, topped the outfield men in votes, followed closely by "Link" Crosby, of Chez Emile and veteran Tommy Maines of Jones Dairy.

Two established veterans—Bill Thomas of Morgan's and Charlie Lay, of Boulevard, Gulf—were listed as reserve outfielders.

In the event that any of the players selected cannot appear for the contest, substitutes will be designated by Charlie Tiano, sports editor of The Freeman, who is staging the contest for the Kingston Police Department.

Tiano will be assisted by George Zadany, of Jones Dairy, and Eddie Murphy, of the Knights of Columbus.

The complete roster follows:

Pitchers
Bill Windburn, Jones Dairy.
Jackie Watzka, Stauble's Bakery.
Artie Barnes, Hofbrau.

Catchers
George Zadany, Jones Dairy.
Bill Olen, Stauble's Bakery.

Infielders
Allan Vogt, Morgan's Restaurant, 1b.
Bob Gill, Chez Emile, 2b.
Andy Celuch, Jones Dairy, 3b.
Bill Tierney, Morgan's Rest., ss.
Alternates—Johnny Schatzel, Chapple Van Derzee, Jones Dairy.

Outfielders
Ralph Tiano, Seven-Up, If.
"Link" Crosby, Chez Emile, rf.
Tommy Maines, Jones Dairy, cf.
Bill Thomas, Morgan's Rest.
Charlie Lay, Boulevard Gulf.

Some Cincinnati fans trace Eddie Miller's sparkling work at the plate this season to a change in numbers. He wore No. 13 last year, switched to 14 this season.

Berardi Oilers Cop 6th Straight

The Berardi Oilers won their sixth straight game Wednesday night by shelling Jacobson's Shirt Co., to the tune of 11 to 0.

The Oilers found no trouble in reaching "Crip" Spada for 13 base knocks. Johnny Berardi had three for four while Joe Watzka, Bob Dougherty and Milly Berardi each cracked out two bingles apiece.

Great defensive plays also marked the Berardi triumph. Tom Martino pulled off three sizzling plays at third base while Benny Tiano made a spectacular shoe-string catch of a drive in center.

Milly Berardi held the losers in check all the way as he allowed five hits, all singles. He had perfect control and allowed only one runner to reach second.

The boxscore:

Jacobson's ... 000 000 0—0 5 4
Berardi's ... 111 200 x—11 13 0

Morgans Will Play Boulevard Gulf In Playoff Tonight

The first playoff game of the post-season City Baseball League season will go on at the Athletic Field tonight featuring Morgan's Restaurant and Boulevard Gulf.

Game time is 8:15 o'clock.

Both clubs along with Chez Emile, wound up the regular campaign with records of six wins and three losses.

Lefty Bud Swarthout has been nominated to do the hurling for Morgan's Rest tonight while Big Al Gruner will toe the slab for Boulevard Gulf.

Hollywood Genius Gone
Paris, (AP)—Rene Clair, French motion picture producer, said here that "Hollywood has lost some of the sparkling genius that made history 25 years ago," and now was "making pictures for children."

Clair told the American Club of Paris that the American motion picture industry was "like a self made man who has made such a success that he can buy caviar and champagne, but now has stomach troubles." Clair has directed a number of pictures in America.

An estimate of 15 million tons of commercial fertilizers used in 1946 set a new high record for the United States.

Sawatski Holds N.A.L. Lead With Batting Average of .384

"Butch" Sawatski, Bloomingdale slugger, has dropped out of the 400 circle but his .384 average still leads the North Atlantic League batters by a comfortable margin, according to statistics compiled by Harry Simmons of New York.

Sawatski, with 110 hits in 310 trips, has a 17-point bulge over Jack Medina, Mahanoy City, who boasts a .367 mark. Others in the top five are Joe De Toia, Peekskill, .358; Tony Clor, Mahanoy City, .352 and Willie Gutshall, Nazareth, .347.

Sawatski overshadows the field in home runs with 30 and is only one run behind Buck Etchison, Mahanoy City Bluebird pilot, in runs batted in with 103.

Block Park Wins Olympics Held Wednesday

Block Park, amassing 71 points, won the annual Playground Olympics held Wednesday afternoon at municipal stadium. About 700 entries participated. Members of the Athletic Field finished second with 67 points in a surprise showing.

Hasbrouck Park was third with 59, Cornell Park, fourth, 48.5; Forsyth Park, fifth 24.5; Hutton Park, sixth, 21 and Academy Green, seventh 18.

Shown in the top photo is the finish of the final run for the 50 yard dash for boys under eight years old. Charles Diers and John Manfro, Block Park, won the event.

Glen Larry, Academy Green, won first place in the running broad jump which action is shown in the center photo. This event was for boys 12 and under.

The bottom picture shows action during the girls' three-legged race, 12 and under. Lillian Slater and Marian Humphrey, Cornell Park, took the event.

Burt Tandy and Chick Correll of the Y.M.C.A., Tommy Maines, Dr. Hammond of the health department assisted during the events. The Kingston Patrolmen's Association provided transportation for children from the lower section of the city. (Freeman Photos)

Canyon Brush Fire
Blazes On Uncontrolled

Los Angeles, Aug. 7 (AP)—Weary fire fighters fought grimly today against the still uncontrolled big Tujunga Canyon brush fire which has killed two men, injured or burned an estimated 75 and scorched 3,500 acres of watershed.

Now in its third day, one

branch of the fire jumped the southeastern rim of big Tujunga and licked down toward the town of Tujunga. This constituted the most serious threat to homes and water lines had been laid between the town and the fire five miles or more away.

Buildings, mobile water pump, pumps and hand-axe crews fought the flames. Helicopters were used to take water and supplies to semi-isolated crews. In at least one in-

stance a helicopter saved a fireman, Dick Dietzel, who called for help by walkie-talkie radio, saying he was surrounded by flames in Stone Canyon.

The fire area lies within Angeles National Forest. Supervisor W. V. Mendenhall was directing a fire fighting force of 900 professional firemen, civilian volunteers and sailors. The Red Cross maintained aid stations and canteens.

Sheriff's deputies believe a careless cigarette smoker started the fire Tuesday morning.

While cider is the juice of the apple, verjuice is a beverage made from crab-apple juice.

Shanghai Holiday
Costly to Americans

Shanghai, Aug. 7 (AP)—Twelve hundred Americans from Japan and Korea who arrived here Tuesday aboard the Army transport William M. Black for a five-day holiday in Shanghai got taken for a ride—and not just in a pedicab.

The group, made up of officers and enlisted men, War Department civilian employees and Red Cross personnel, found American dollars in big demand.

Touts offered, and concluded, some exchange transactions at 5,000 Chinese dollars to \$1 U. S., compared with a blackmarket rate of 40,000-to-\$1.

Some dealers, more generous, changed money at the official rate of 12,000-to-\$1. That netted them a profit of 28,000 Chinese dollars for every American dollar purchased.

The Americans found out later they could have got the 40,000 rate from the same sidewalk dealers. Pedicab coolies charged the Americans 40,000 Chinese dollars for rides costing the average Shanghaiander 2,000 or 3,000.

The Americans, who will leave Saturday, said they had had no briefing on conditions here. They added that they would do some unofficial orientation work among comrades in Japan and Korea who haven't gone vacationing yet.

Funny Business
By Herlberger
The finest departments in the state.
John M. Cannella, commissioner for water supply, gas and electricity, said in his letters that the "increased cost to the city would in my opinion be balanced by the increased fire protection."
The townwide fire system would extend the facilities already made available by the Olive Fire Department No. 1, which was organized in January on a voluntary subscription basis to serve seven school districts south of Ashokan Reservoir.
Works Toward Firehouse
The Olive Bridge unit bought a fine engine from Army overstock and now is working towards a firehouse to house the engine and equipment, hoping to complete heated quarters by winter. Although residents of the area were most generous in donations, contributing approximately \$3,500 to buy and equip the engine, department officials said that not enough money has been made available to erect both a firehouse and a modern meeting hall and clubroom in Olive Bridge, as had been planned.
The consent of New York to a tax district, the officials explained, should provide sufficient income to set up a fire house and meeting hall in Olive Bridge, as well as provide engines and heated firehouses for both the Shokan and West Shokan districts.
Invitation Is Expected
Supporters of the fire tax district expect that residents of The Vly and parts of Atwood, now a part of the Olive Bridge district, will be asked to join in the Olive system. Marlborough residents have contributed to the volunteer unit and many residents have joined the organization. Its president, Simon Trowbridge, is a resident of The Vly. The fire chief is Albert Stanley Fox, Jr., Olive Bridge dairy farmer.
Early discussions of the movement for a tax district have involved the idea of a single district and a single membership organization, headed by a single town fire chief, with three volunteer companies, each with its own officers, to man the three firehouses. Each company, it is said, would be represented on the board of five fire commissioners to be named by the town board.
There has been sentiment in Olive for a tax district for some years, fire department officials stated, there having been no townwide fire protection since it was established 123 years ago. The main obstacle had been the question of consent of New York, the principal taxpayer, to a tax district.
Mr. Cannella's letters now give Olive the green light, it is said.

Flown to U. S.
London, Aug. 7 (AP)—A War Office spokesman said today Gen. Walter Dornberger, wartime head of German rocket bomb experiments, had been flown from a British prison to the United States. The U. S. military attaché's office confirmed that the transfer was made "three or four weeks ago," but had no information on the purpose.

Any kind of easy money is the Spiv's business, with two big qualifications: He absolutely refuses to work for it and he won't let any record be kept of it.
"Wot-an' pay income tax? Take me for a chump?"
Of the 1,208,000 men "missing" from the Ministry of Labor's register of the gainfully employed, probably one-fourth are full-blown Spivs. No more accurate count is possible. The Spiv dodged the draft in wartime and any credentials he carries are phony.
Scholars have been arguing in the letters-to-the-editor columns for weeks over the origin of the word "Spiv." Some say it's "Vips" (very important persons) spelled backwards. Others insist it's a police abbreviation of "suspected persons and itinerant vagrants."
But Lord Roschberry, a racing magnate, "Spiv" in the sense of bookmaker's helper is "a race-course word which I have known for 40 years," and another contributor produces a 1,690 letter referring to gypsies and "spivics."
In his present flashy form the Spiv is native to the pedlar Britain, but he's own brother to the Broadway heel and the new type of Paris black marketer known as the "Bof"—who gets his nickname from the first letters of the goods he deals in: Bouef oeufs and fromage—beef, eggs and cheese.

Police Find Guns, Looking for Farrell
New York, Aug. 7 (AP)—Gerald Farrell, 28, described by police as tall, dark, and of the pedlar type, was sought today by police while his wife, Eleanor, 27, faced a hearing in Bronx magistrate's court on charges of violating the Sullivan law.
Four fully loaded guns, three automatics and a pistol, were found in a suitcase when police went to her Bronx home (628 West 227th street) Tuesday in search of her husband, they said.
Farrell, police said, is wanted for questioning in connection with a series of Westchester county robberies staged by a well-dressed masked man. Five robberies in the New Rochelle section netted the robber \$15,000 in jewels and cash, police said.
Mrs. Farrell told detectives that her husband left their apartment just before they arrived. They quoted her as saying that she didn't know how her husband made his living and did not know of the guns in the suitcase.
